Afternoon Weigh-In

A Word from the Photographer:

Weighing in at 98.2 kg

I walked 9.07 km today under cloudy skies at 24°C, burning 1,092 calories over two hours with 12,314 steps at a 12:29/km pace. A gentle breeze and flat terrain uplifted my mind and body. Later, I stood barefoot on a digital scale, photographed from above, showing my feet and the scale reading

98.2 kg.
